RE: 2009 and 2010 Small Urban Program project selection

The Michigan Department of Transportation (MDOT) is pleased to announce the 2009 and 2010 Small Urban Program.

Enclosed is a list of projects to be funded for FY 2009 and 2010. If your area was awarded project funding in either fiscal year, be sure the project information is listed correctly. For additional information, you may access the Small Urban Program website at www.michigan.gov/mdotsmallurban.

If your project is located within a Metropolitan Planning Boundary, you must contact your Metropolitan Planning Organization (MPO) to make sure the project is included in the MPOs Transportation Improvement Program (TIP). Projects located outside the MPO boundaries will be included in the State TIP.

If you have a project in the announced program that has received other funding, please notify MDOT so the federal funds can be reprogrammed to other project needs. MDOT reminds local agencies that the Safe, Accountable, Flexible, and Efficient Transportation Equity Act of 2005 – Legacy for Users expires September 30, 2009, with no current federal legislation authorizing federal funding in FY 2010. MDOT is confident that federal-aid will continue to be available to states with new legislation, but there is no guarantee.

If you have any questions, please contact Nick Perfili, Transportation Planner, Statewide Planning Section, at 517-335-2948 or perfilin@michigan.gov.

Sincerely,

Denise B. Jackson, Administrator

Statewide Transportation Planning Division
